

# HOW CAN I GET HEALTH CARE?

## IF NON-COVID-19 RELATED:

Check with your provider to see their procedures for your care

Most health care centers are open but may have **modified hours**

- Some health care centers offer **telemedicine** options
- Please **call ahead of time** to follow appropriate safety precautions

**Urgent Care clinics** are more affordable than the ER and can still treat **life-threatening emergencies**

## IF COVID-19 RELATED:

Call your provider and they will advise you on your options

If you have **severe symptoms** and **have not received a response** from your provider, **call 911**

### For those with **mild symptoms**:

Having sufficient rest and fluid intake is enough for recovery from COVID-19

### For those who are **severely ill**:

Hospitals will be able to provide supportive care

Acetaminophen (Tylenol) helps with **fever** and **muscle pain**

## IF I AM UNINSURED, HOW CAN I ENROLL?

Right now, health care sign-ups **do NOT require preliminary screenings** for eligibility, so now is the best time to enroll in insurance
